COUNT I
(PATENT INFRINGEMENT)

43. Katz Technology Licensing realleges and incorporates by reference paragraphs 1-42 of this Complaint as if fully set forth herein.

44. Katz Technology Licensing is the sole holder of the entire right, title, and interest in the '150, '075, '404, '984, '252, '309, '023, '285, '707, '863, '156, '551, '734, '576, '762, '893, '120, '021, '135, '065, '965, '223, '967 and '360 Patents.

45. Upon information and belief, First Hawaiian Bank operates automated telephone systems, including without limitation customer service systems that allow its customers to perform banking, credit card, loan and/or other services over the telephone, including without limitation the First Hawaiian Bank Customer Service and First Hawaiian Bank Credit Card Customer Service telephone systems. First Hawaiian Bank has directly and contributorily infringed, and induced others to infringe, one or more claims of each of the patents identified in paragraph 44 of this Complaint by making, using, offering to sell, and/or selling within the United States automated telephone systems, including without limitation the First Hawaiian Bank Customer Service and First Hawaiian Bank Credit Card Customer Service telephone systems.

46. First Hawaiian Bank continues to infringe, contributorily infringe, and induce others to infringe the '984, '252, '734 and '120 Patents.

47. First Hawaiian Bank's infringement of the patents identified in paragraph 44 has been willful.

48. Katz Technology Licensing has been, and continues to be, damaged and irreparably harmed by First Hawaiian Bank's infringement, which will continue unless First Hawaiian Bank is enjoined by this Court.

V. REQUEST FOR RELIEF

WHEREFORE, Plaintiff Katz Technology Licensing respectfully requests the following relief:

A. A judgment holding First Hawaiian Bank liable for infringement of the patents identified in paragraph 44 of this Complaint;

B. A permanent injunction against First Hawaiian Bank, its officers, agents, servants, employees, attorneys, parent and subsidiary corporations, assigns and successors in interest, and those persons in active concert or participation with them, enjoining them from continued acts of infringement of the '984, '252, '734 and '120 Patents;

C. An accounting for damages resulting from First Hawaiian Bank's infringement of the patents identified in paragraph 44 of this Complaint, together with pre-judgment and post-judgment interest;

D. A judgment holding that First Hawaiian Bank's infringement of the patents identified in paragraph 44 of this Complaint is willful, and a trebling of damages pursuant to 35 U.S.C. § 284;

E. A judgment holding this Action an exceptional case, and an award to Plaintiff Katz Technology Licensing for its attorneys' fees and costs pursuant to 35 U.S.C. § 285; and

F. Such other relief as the Court deems just and equitable.

I. THE PARTIES

1. Plaintiff Katz Technology Licensing is a limited partnership organized under the laws of the State of California, and having a principal place of business at 9220 Sunset Blvd. #315, Los Angeles, CA 90069.

2. On information and belief, Defendant First Hawaiian Bank is a Hawaiian entity maintaining its principal place of business at 999 Bishop St., 29th Floor, Honolulu, HI 96813.

II. JURISDICTION AND VENUE

3. This is a civil action for patent infringement arising under the United States patent statutes, 35 U.S.C. § 1 et seq.

4. This Court has jurisdiction over the subject matter of this action under 28 U.S.C. §§ 1331 and 1338(a).

5. Upon information and belief, Defendant First Hawaiian Bank is subject to this Court's personal jurisdiction because it is a Hawaii entity and resides in this District. In addition, Defendant First Hawaiian Bank does and has done substantial business in this judicial district, including: (i) operating infringing automated telephone call processing systems, including without limitation the First Hawaiian Bank Customer Service and First Hawaiian Bank Credit Card Customer Service telephone systems that allow their customers, including customers within this State and in this District, to perform banking, credit card, loan and/or other

services over the telephone, (ii) providing commercial and/or consumer banking services at bank branches within this State and in this District, and/or (iii) regularly doing or soliciting business, engaging in other persistent courses of conduct, and/or deriving substantial revenue from services provided to individuals in this State and in this District.

6. Venue is proper in this judicial district under 28 U.S.C. §§ 1391(b)-(c) and 1400(b).

III. BACKGROUND FACTS

7. Ronald A. Katz ("Mr. Katz"), founder of Katz Technology Licensing, is a named inventor of each of the patents in suit. Mr. Katz has been widely recognized as one of the most prolific and successful inventors of our time, and his inventions over the last forty-plus years have been utilized by literally millions of people.

8. In 1961, Mr. Katz co-founded Telecredit Inc. ("Telecredit"), the first company to provide online, real-time credit authorization, allowing merchants to verify checks over the telephone. Further innovations from Telecredit include the first online, real-time, point-of-sale credit verification terminal, which enabled merchants to verify checks without requiring the assistance of a live operator, and the first device that used and updated magnetically-encoded cards in automated

teller machines. Multiple patents issued from these innovations, including patents co-invented by Mr. Katz.

9. Telecredit was eventually acquired by Equifax, and has now been spun off as Certegy, a public company traded on the New York Stock Exchange. Certegy continues to provide services in the credit and check verification field established by Mr. Katz and Telecredit.

10. Mr. Katz's inventions have not been limited to telephonic check verification. Indeed, Mr. Katz is responsible for advancements in many fields of technology. Among his most prominent and well-known innovations are those in the field of interactive call processing. Mr. Katz's inventions in that field are directed to the integration of telephonic systems with computer databases and live operator call centers to provide interactive call processing services.

11. The first of Mr. Katz's interactive call processing patents issued on December 20, 1988. More than fifty U.S. patents have issued to Mr. Katz for his inventions in the interactive call processing field, including each of the patents-in-suit.

12. In 1988, Mr. Katz partnered with American Express to establish FDR Interactive Technologies, later renamed Call Interactive, to provide interactive call processing services based on Mr. Katz's inventions. The American Express business unit involved in this joint venture later became known as First Data.

13. Early clients of Call Interactive included The New York Times, ABC's Monday Night Football, KABC Radio, CBS News, and Beatrice Foods (Hunt-Wesson division).

14. Many of these clients utilized Call Interactive technology for high-profile events. For example, CBS News hired Call Interactive to operate an interactive, real-time telephone poll to gauge viewer reaction to President George H.W. Bush's 1992 State of the Union address.

15. Mr. Katz sold his interest in Call Interactive to American Express in 1989 but continued to provide advisory services to Call Interactive until 1992. American Express later spun off the First Data business unit into a separate corporation, and with that new entity went Mr. Katz's interactive call processing patents and the Call Interactive call processing business. The former Call Interactive, now known as First Data Voice Services, continues to provide call processing solutions today.

16. In 1994, Mr. Katz formed Katz Technology Licensing, which acquired the rights to the entire interactive call processing patent portfolio, including the rights to each of the patents-in-suit, from First Data, the owner of all of the Katz interactive call processing patents at that time.

17. The marketplace has clearly recognized the value of Mr. Katz's inventions. Indeed, over 150 companies have licensed the patents-in-suit.

Licensees include IBM, Hewlett-Packard, Bank of America, JPMorgan Chase, Wells Fargo, HSBC, Verizon, Sprint, Microsoft, Delta Airlines, Merck, Sears, and Home Shopping Network. These licenses and others acknowledge the applicability of the patents-in-suit to multiple fields of use, including but not limited to financial services call processing, automated securities transactions, automated credit card authorization services, automated wireless telecommunication services and support, automated health care services, and product and service support.

18. The defendant employs the inventions of certain of the patents-in-suit. Katz Technology Licensing, through its licensing arm A2D, L.P., has repeatedly attempted to engage the defendant in licensing negotiations, but to date, the defendant has not agreed to take a license to any of the patents-in-suit.

IV. THE PATENTS-IN-SUIT

19. On May 29, 1990, the United States Patent and Trademark Office duly and legally issued United States Patent No. 4,930,150 ("the '150 Patent"), entitled "Telephonic Interface Control System," to Ronald A. Katz, sole inventor. The '150 Patent expired on December 20, 2005.

20. On September 10, 1991, the United States Patent and Trademark Office duly and legally issued United States Patent No. 5,048,075 ("the '075

Patent”), entitled “Telephonic-Interface Statistical Analysis System,” to Ronald A. Katz, sole inventor. The ‘075 Patent expired on December 20, 2005.

21. On April 28, 1992, the United States Patent and Trademark Office duly and legally issued United States Patent No. 5,109,404 (“the ‘404 Patent”), entitled “Telephone Call Processor With Select Call Routing,” to Ronald A.
